Flexxible Overview

November 2023

What's happening in the market?

“IT Support and troubleshooting is the second most in demand job in the UK”

<https://www.forbes.com/uk/advisor/business/software/digital-skills-gap/>

A recent survey of 500 businesses, 52% of respondents highlighted lower staff productivity as a key negative impact

“IT Operations is expected to have a 10 million (50%) skills gap within 7 years”

Shannon Kelvar - IDC

Why does it matter?

“Worker productivity is falling at the fastest rate in four decades. This has been the first year since 1983 to include three straight quarters of year-over-year drops in average productivity per worker.”

Nela Richardson - ADP Chief Economist

“Weekly cyber-attacks have increased worldwide by 7% in Q1 2023 compared to the same period last year, with each firm facing an average of 1248 attacks per week.”
